NOVUS DSS column with drilling screw fitting

NOVUS Duo Support System columns provide the capability of attaching DSS supporting arm elements. Attractive in looks and in price – they offer maximum flexibility. In durable, robust material quality, the system is guaranteed to give you a stunningly simple, secure and adaptable means of attaching supporting arms for TFT screens. The elegant, 445 mm long aluminium profile serves as a support column and is mounted through the desktop using the drilling screw fitting. Two cable clips are included as a practical aid for routing cables.

The drilling screw fitting is intended for mounting through the desktop and will take very high loads.

When used conventional.

This machine bears the GS approval of product safety.

Available in silver/ anthracite
